

Curriculum Vitae

Houng Lymeng

Apply for Default Manager

I am an IT Engineering student at the Royal University of Phnom Penh with experience in software development, mobile apps, and digital marketing. I worked in front-of-house and reporting at Backyard Café, where I also trained staff on POS systems for new features. I have skills in HTML, CSS, Laravel, and JavaScript. I'm passionate about using my IT and marketing skills to solve problems and improve operations.
